COMMUNICATION

I've received several awards for my exceptional communication skills, including recognition for delivering clear and effective technical documentation and user training. These accolades highlight my ability to convey complex technical concepts in an understandable manner, enhancing collaboration and user experience.

LEADERSHIP

I received the "Outstanding Contributor" award during my studies, and I've been recognized for my contributions to improving software quality and user satisfaction in my current role. These honors reflect my commitment to excellence and my ability to enhance both the development process and end-user experience.

EDUCATION

Infolink University College
Bachelor of Science in Computer Science

Hi, I'm Natan Mesele, a dedicated software engineer with a diverse toolkit spanning HTML, CSS, JavaScript, and React, as well as Shadcn/UI and Material-UI for stunning interfaces. I'm also skilled in backend development with Java, Spring Boot, Node.js, and Express, and proficient in database management with MySQL and Mongo DB. I love creating seamless, user-friendly applications and tackling challenges head-on. Let's collaborate and turn your vision into reality!

EXPERIENCE

Software engineer

melket adverteng

achievements / tasks

online food delivery system using react, spring boot and mysql, blog using react and mongodb, project management system using react, spring boot and mysql.

I have a proven track record of delivering high-quality software solutions while ensuring performance, reliability, and user satisfaction.
